BLACKBUTT

The Blackbutt look is striking and inspirational, its large straight grains give it a very warm and ecological feel. Its impressive palette of colours means that it goes with virtually anything, leaving you to define the decor in the rest of the room. The level of natural timber features ensures almost perfect replication, as if touched by Mother Nature herself!

Just some of the unrivalled benefits only Quick • Step® Colonial offers include:

- The **most authentic** collection of Australian Hardwoods made in laminate flooring anywhere in the world... all made by the best producer of laminate flooring in the world when it comes to innovation and technical prowess.
- **As authentic as possible** was the primary brief for the dedicated Quick-Step designers when creating the Colonial Collection. That's why there is so much variation. Most other laminate brands offer no more than 10 pattern repeats... Quick-Step Colonial stands in a class of its own.
- **Stunning dimensions** are a real feature with each board over 2 metres long and an ideal 156mm wide. Unlike natural wood, Quick-Step Colonial is colourfast, with no short boards, cracks or splits.
- A **25 Year Residential Wear Warranty** offering peace of mind and enduring beauty. Commercial warranties are also readily available on request.
- The **Uniclic Joining System** is the world's best and most versatile joining system, invented by Quick-Step. The Uniclic joining system is renowned all over the world and preferred by most professional installers. It also lends itself perfectly to do-it-yourself installation.
- **Unrivalled Dimensional Stability.** Your Quick-Step floor is guaranteed to stay in shape thanks to precision production engineering that makes sure the tensions in the joins are evenly distributed.
- **The Perfect Finish.** Quick-Step leaves nothing to chance when it comes to creating an interior you can truly be proud of. With a range of underlays and installation accessories, you can be assured that you can achieve the look you deserve.

With a passion for design and with Mother Nature as our biggest source of inspiration, you'll see why Quick-Step is the Number One in laminate floors.
