HYBRID LUXURY FLOATING FLOOR

TOUGH. DURABLE. LOVES WATER.

by SCS certified

LUXURY WITHOUT COMPROMISE

Aspire RCB Hybrid flooring represents next generation manufacturing techniques utilising the recently developed rigid composite core board (RCB). RCB core is manufactured from inert mineral compounds that are stable and provide little or no movement; this enables excellent performance characteristics not commonly associated within the Luxury Vinyl Tile category.

The plank construction also incorporates a robust water based PU coating for everyday scuff resistance. Aspire's 0.5 m wear layer and printed visual décor provides realistic timber textures and colours in both classic Australian timber species and a contemporary colour palette. Each plank incorporates a stabilising balance layer on the underside with an attached acoustic cross-linked IXPE foam layer that delivers excellent noise reduction performance.

This next generation Hybrid flooring is dimensionally stable, highly durable and suitable for interior waterproof installations providing instant appeal for modern housing, light commercial and retail shop fit out.

New England Blackbutt

AUSTRALIAN TIMBER

The warmth and character provided by our Australian timber species, Blackbutt and Spotted Gum remain a popular choice for designers and renovators alike. Each plank provides its own unique story with 10 varying décor visuals that display stunning texture and natural colour variation.

QLD Spotted Gum

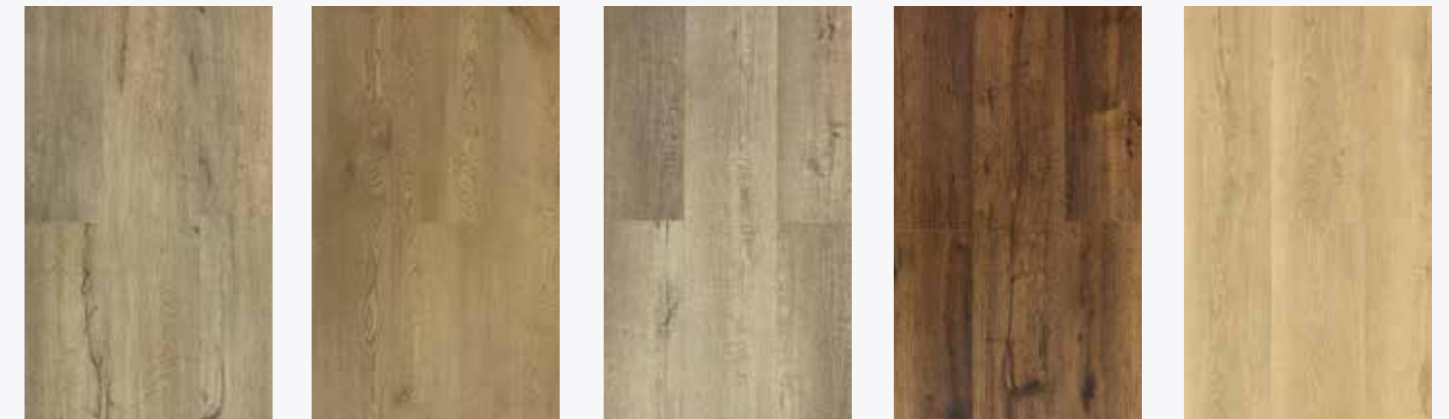

CONTEMPORARY DECORS

Our design team has created a subtle palette with colour versatility ideally suited to a variety of on-trend interior décors. Plank décor visuals are repositioned at manufacture to provide 8 orientations of the décor paper, this delivers a floor with great personality and charm.

The entire colour range features advanced embossing techniques across the length and width of the plank including the micro bevel. This unique process will not compromise the décor visual or durability.

CONTEMPORARY DECORS

Aspire Hybrid Super Width Plank, Valinge Click - 1800 x 223 x 6.5mm
